

ST Plast 95

cement lime plaster base coat

MSDS Material Safety Data Sheet

1. Identification of the Substance/Preparation and Company

Product Name: ST Plast 95
Product Description: Self-Cement Lime Plaster Finish Coat

Manufacturer/Supplier: **Carbolink India Private Limited**
Address: 105, 1st Floor, Bhavya's Arcade, Above BATA Showroom,
Erragadda, Hyderabad- 500018

Contact Information: +91 9246399551,
info@carbolinkindia.com
Emergency Contact: +91 8885099551

2. Hazards Identification

This product is classified as non-hazardous. However, prolonged contact with the skin and eyes or inhalation of dust may cause irritation. Use appropriate personal protective equipment (PPE) when handling the product.

3. Composition/Information on Ingredients

Binder: Hydrated lime and specific binder resistant to salts
Lime/Binder Ratio: 55% minimum by volume
Light Mineral Additives
Organic Additives: Less than 0.3%

4. First Aid Measures

Inhalation: Move to fresh air. Seek medical attention if symptoms persist.
Skin Contact: Wash with soap and water. Remove contaminated clothing. Seek medical attention if irritation develops.
Eye Contact: Rinse immediately with plenty of water for at least 15 minutes. Seek medical attention if irritation persists.
Ingestion: Do not induce vomiting. Seek medical attention immediately.

5. Firefighting Measures

This product is non-combustible. In case of a fire, use appropriate extinguishing media for surrounding materials. Wear protective clothing and self-contained breathing apparatus.

6. Accidental Release Measures

Avoid creating dust. Use a dust mask and appropriate PPE. Sweep or vacuum up the material and place it in a suitable container for disposal. Avoid releasing into the environment.

7. Handling and Storage

Handling: Avoid contact with skin, eyes, and clothing. Use appropriate PPE and ensure good ventilation.
Storage: Store in dry, frost-free conditions. Keep away from incompatible materials. Do not store in direct contact with the floor.

8. Exposure Controls/Personal Protection

Exposure Limits: Not established.
Engineering Controls: Provide adequate ventilation.
Personal Protective Equipment: Use gloves, safety goggles, and dust masks. Wash hands and face before eating, drinking, or smoking.

9. Physical and Chemical Properties

Color	: Light gray
Odor	Odorless
PH	Alkaline
Boiling Point:	Not applicable
Melting Point:	Not applicable
Flash Point:	Not applicable
Solubility	Slightly soluble in water

10. Stability and Reactivity

Stability: Stable under normal conditions

Reactivity: Non-reactive.

Incompatible Materials: Acids, ammonium salts.

Hazardous Decomposition Products: None under normal use

11. Toxicological Information

This product is not expected to be toxic. However, prolonged exposure may cause irritation to the skin, eyes, and respiratory system. No chronic health effects are anticipated.

12. Ecological Information

The product is not expected to have significant environmental effects. However, large spills may affect the alkalinity of water bodies, potentially harming aquatic life. Avoid releasing into the environment.

13. Disposal Considerations

Dispose of this product in accordance with local, regional, and national regulations. Avoid disposing into waterways or sewers.

14. Transport Information

This product is not classified as hazardous for transport.

UN Number: Not applicable

Transport Hazard Class: Not applicable

Packing Group: Not applicable

15. Regulatory Information

This product is not regulated as a hazardous material. Comply with local regulations regarding safety, health, and environmental protection.

16. Other Information

The information provided in this MSDS is based on our current knowledge and experience. It does not guarantee any specific properties. Users must determine the product's suitability for their specific needs and conditions.
